This fine champagne house has been in the Gonet family over six generations since 1802. Michel Gonet took over control in 1973. It has 40 hectares of prime vineyards in the Côtes des Blancs around Avize, much of which is classified Grand Cru, situated about 15 kilometres south of Epernay. The production, on chalky soil, is 90% Chardonnay and 10% Pinot Noir. The hillside vineyards have a perfect easterly exposition which protects them from cold North winds and the higher rainfall in the valley. We have imported Gonet's wines since 1986.
